

18th August, 2021

Extended restrictions in metropolitan Melbourne and authorised worker permits

Dear Parents and Carers,

Due to the ongoing level of community transmission of coronavirus in Victoria, the current lockdown across Melbourne will be extended until 11:59pm on Thursday 2nd September.

To help slow the spread of the virus, we need your support in complying with the new strengthened restrictions and helping our public health team to get ahead of this virus.

We request parents, carers and families continue to do the right thing by following all health directives. This includes making careful and supportive choices about accessing on-site supervision at school.

From today, Wednesday 18th August, under the new strengthened restrictions in place across metropolitan Melbourne, an authorised worker permit will be required for authorised workers to attend a workplace.

This also means that from today, parents and carers in metropolitan Melbourne can only request on-site supervision for their child/ren in the below categories:

- A.** Children where both parents and or carers are considered [authorised workers](#) who cannot work from home, work for an authorised provider and where no other supervision arrangements can be made:
- Where there are two parents/carers, both must be [authorised workers](#), working outside the home in order for their children to be eligible for on-site provision.
 - For single parents/ carers, the authorised worker must be working outside the home in order for their children to be eligible for on-site provision.

Parents and carers who are authorised workers will need an authorised worker [permit from their employers](#) to access on-site supervision for their child/ren in Category A.

On-site supervision continues to be available for the below students:

- B.** *Children experiencing vulnerability, including:*
- in out-of-home care
 - deemed vulnerable by a government agency, funded family or family violence service, and assessed as requiring education and care outside the family home
 - identified by a school or early childhood service as vulnerable, (including via referral from a government agency, or funded family or family violence service, homeless or youth justice service or mental health or other health service)

- Where a parent/carer indicates that a student with a disability is vulnerable because they cannot learn from home, and/or informs the school the student is vulnerable due to family stress, the school must provide on-site supervision for that student. This may apply to students enrolled in specialist schools and students with a disability enrolled in mainstream schools.

An authorised worker permit is not required for accessing on-site supervision under Category B.

An updated [on-site attendance form](#) is now available for those who meet the above categories and require on-site learning for their child/ren.

For those requesting on-site learning under Category A, a copy of your authorised worker permit or permits must be submitted to the school as soon as practicable after it is issued. A permit is not required under Category B.

We know this may well be a challenging time. There are a number of supports available. These include:

- A short video produced by headspace with [tips and strategies for parents and carers during lockdown](#)
- [Student Mental Health and Wellbeing resources for advice](#)
- [Advice for students about how to adapt during COVID-19](#)
- [Resources for learning from home](#)
- [Translated resources for learning from home](#)

As part of the phased COVID-19 vaccination rollout, more Victorian parents, carers, and students are now able to receive the COVID-19 vaccines.

With more appointments now available over the next two weeks, we encourage you to book your vaccine at [Victorian Government's COVID-19 vaccine online booking system](#).

For more information about eligibility, refer to coronavirus.vic.gov.au or use the Australian Government's [COVID-19 vaccine eligibility checker](#).

We trust our school community will ensure we do the right thing at this time, by complying with the restrictions in place and making careful and supportive decisions that limit movement through the community.

Thank you again, for supporting your child's learning during this time.

Regards

Tony Cerra
Principal
