Dear Mr. Cerra,

Grade 3/4M Home /Remote Learning Experience.

Mr. Cerra, we are writing this letter because we want to tell you about our learning, the fun things, our experiences and the boring things during remote learning. Grade 3/4M hope you enjoy reading our letter because we know that you were working hard at school helping everyone through lockdown.

Learning from home was okay because we got to try our work by ourselves. Sometimes it was very hard because our parents weren't always free to help us or we had brothers and sisters annoying us. The slides were colourful and helpful and the teachers tried their best to help us on WebEx. We loved learning about fractions even though they were sometimes tricky and hard. Sometimes it was hard to finish all the work in one day but we did our best.

Even if our work was hard we still enjoyed it with lots of fun activities like P.E., Activity Dice, Go Noodle, Mystery Box, Draw along activities, Aliens, Cows and Tigers, Tongue Twisters, Would You Rather and Guess My Number.

Most of us enjoyed the WebEx meetings every day. Some of our houses were a little noisy and we had lots of distractions. It felt great to stay in our pyjamas and tracksuits. We were able to share our pets with everyone during our WebEx meetings. We enjoyed using emoji's during WebEx and singing Happy Birthday to classmates who couldn't go out and celebrate. When we worked hard and finished our work early we could go out and play games.

At school it was fun because we got to make new friends. It was easier to understand the work because the teachers were here to help us. At home we were bored because we couldn't see our friends to talk or play with them. We missed Mr Kenny's Dad jokes.

I hope that you didn't miss all the other teachers and students too much and hopefully we don't have any more lockdowns. I hope you enjoyed hearing about what 3/4M did during remote learning. Please feel free to drop into our classroom anytime to give us feedback on our letter.

Looking forward to seeing you around the school.
